1. SUBJECT

Observations recorded at Chennai Central on the morning of 18/08/2025 in connection with reported property offences in the T Nagar and Chennai Central corridors.

2. OBSERVATIONS RECORDED

Sl.	Time	Observation
1.	10:05	Vehicle bearing registration TN01AB1234 was observed at Chennai Central. The vehicle was stationary for approximately four minutes on the eastern approach road.
2.	10:05	One Thiru R. Kumar was recorded as the person using the said vehicle at that time. Identity was recorded as stated at the spot and has NOT been documentarily verified.
3.	10:12	Thiru Arun Selvam was observed at Chennai Central. He was seen in the same public area. No interaction with the occupant of TN01AB1234 was observed or recorded.
4.	10:18	Tmt. Meena Raghavan, witness, reported being present at Chennai Central. Her statement is recorded separately under s.180 BNSS (erstwhile s.161 Cr.P.C.).

3. ASSESSMENT

The observations establish presence and vehicle usage at a common location within a thirteen-minute window. Presence at a common location does not by itself establish a meeting, an association or an offence. No determination of involvement has been made against any person named in this report.

4. ACTION TAKEN

- (a) Witness statement of Tmt. Meena Raghavan recorded.
- (b) CCTV still from the Chennai Central approach camera secured and forwarded to the Intelligence Analysis Cell (see image folder).
- (c) Requisition issued to the Regional Transport Office for the registered ownership particulars of TN01AB1234. Reply awaited.

5. FURTHER ACTION PROPOSED

- (a) Obtain authorised vehicle ownership record for TN01AB1234.
 - (b) Obtain documentary identity proof for the person recorded as R. Kumar.
 - (c) Verify whether the person recorded as R. Kumar in this case and the person recorded as Ravi Kumar in CASE-101 are the same individual.
- Until such verification, the two records are to be treated as SEPARATE.

1. INFORMATION RECEIVED

An unverified note states that Thiru Ravi Kumar was reported at Madurai on 18/08/2025 at 10:00 hrs.

This directly conflicts with the Chennai Central observation recorded in the police report at Cr. No. 0518/2025 (system reference EV-2041), which places the same identity profile at Chennai Central at 10:05 hrs on the same date. The two locations are approximately 460 km apart; the reported positions are not physically reconcilable within a five-minute interval.

The note further states that Thiru Vignesh Anand is named in connection with vehicle TN09KL8899 at T Nagar on 19/08/2025.

2. HANDLING DIRECTION - CONTRADICTION

This contradiction is retained DELIBERATELY and must NOT be suppressed, reconciled or averaged during analysis. Either

(a) one of the two reports is inaccurate, or

(b) the two records refer to two different individuals bearing similar names.

Until the point is resolved by documentary identity evidence, the identity hypothesis Ravi Kumar <-> R. Kumar must be held as NOT ESTABLISHED.

3. RELIABILITY CAVEAT

The source has not previously provided information to this unit. The information is uncorroborated and carries no evidentiary weight. It may not be used as the basis of any coercive action.
